

About me

Hello! My name is Małgorzata Kmiec. I'm 27-year-old artist specializing in character desing and concept art. Art is one my biggest passions and I'm constantly focused on learning and improving in many different areas. I have pretty strong understanding of art fundamentals and I keep working on them in order to provide the best quality. I enjoy working in stylised designs but I'm not a stranger to realistic style. I'm not scared of working in many different styles since trying new things is always a priceless lesson. Currently I'm expanding my knowledge with 3d modeling. I'm familiar with basics of modeling, sculpting and texturing and I'm extremely excited to learn more about these topics.
